Description & features

Acknowledging the importance of space availability, KLEEMANN introduces Maison100 E, with 100mm minimum pit depth and 2500mm headroom required. Available with semi-automatic or automatic doors, Maison100 E can be also provided with an aluminum shaft construction where a masonry shaft is not available.

Premium Design

Cabin's modular design provides the possibility of different claddings for the surrounding walls while its minimalist design creates an outstanding ambience

Plug n' play solution

Prewired shaft wiring and single-phase power supply.

Fast and easy installation

Smart and compact design for installation in much shorter time compared to other electric platform lifts.

Low noise levels

Innovative electric drive (VVVF controlled) guarantees remarkably low noise levels in and out of the cabin.
